

Access to Smart EV Charging Mobile Feature

Smart EV Charging mobile feature is accessible through the **HKBU Mobile**. Follow the steps below to get started:

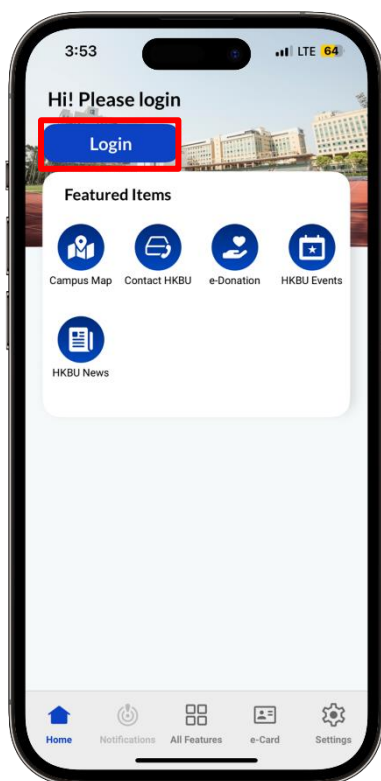

- A. Download and Install HKBU Mobile
- B. Access **Smart EV Charging** Mobile Feature within the HKBU Mobile

A. Download and Install HKBU Mobile

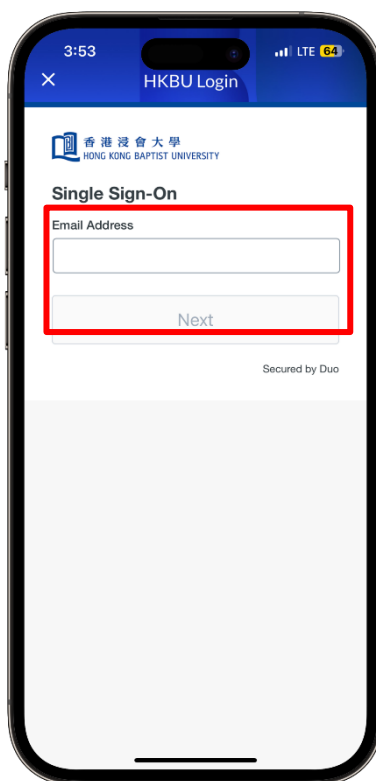

HKBU Mobile is the official mobile app for the University community to access various HKBU services and information in one single platform. Click [here](#) to download HKBU Mobile to your mobile device.

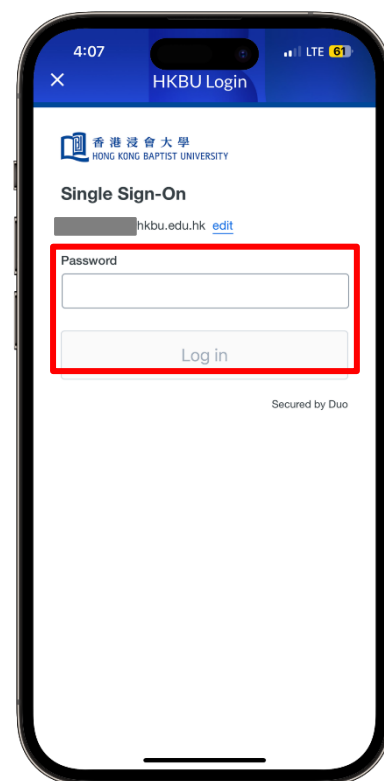

B. Access Smart EV Charging Mobile Feature within the HKBU Mobile

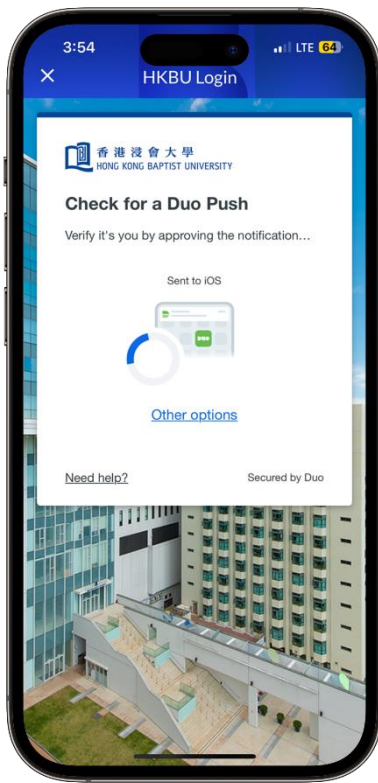

1 Open the HKBU Mobile, tap '**Login**'.

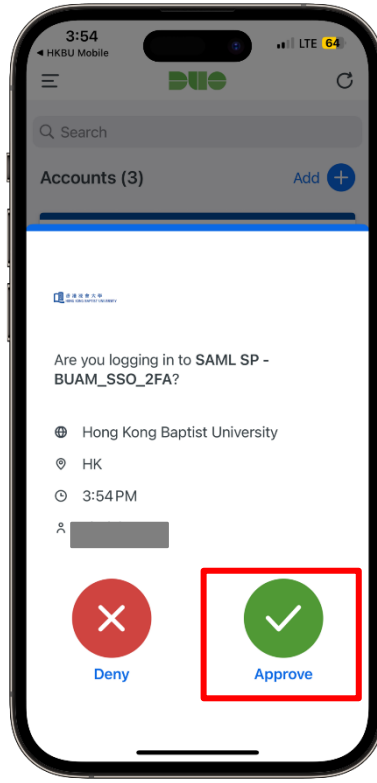

2 In the new page, enter HKBU email address and tap '**Next**'.

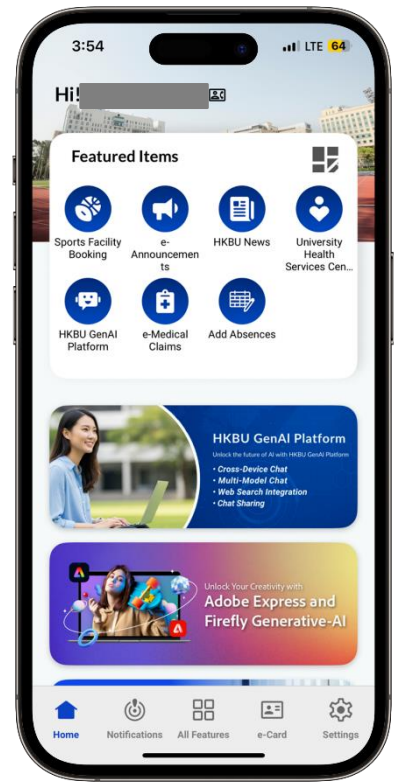

3 Enter the password and tap '**Log in**'.

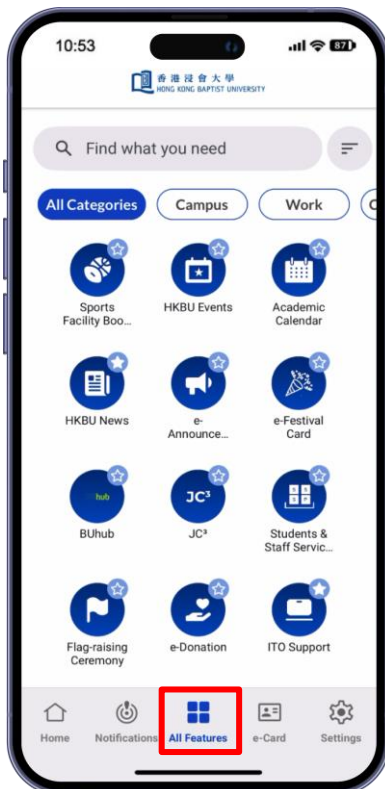

4 Authenticate with Duo.

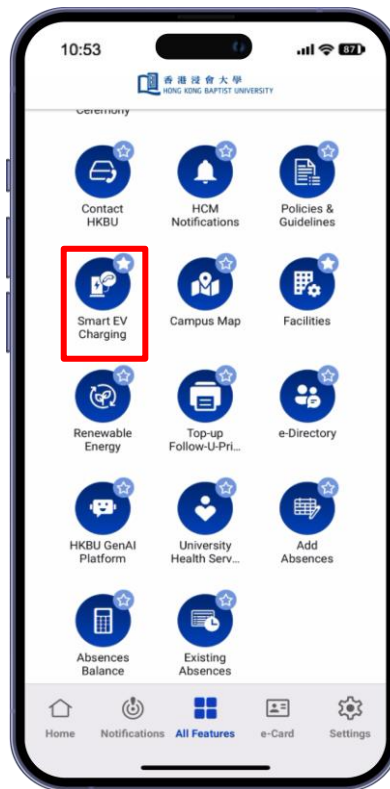

5 Tap '**Approve**' to verify your identity.

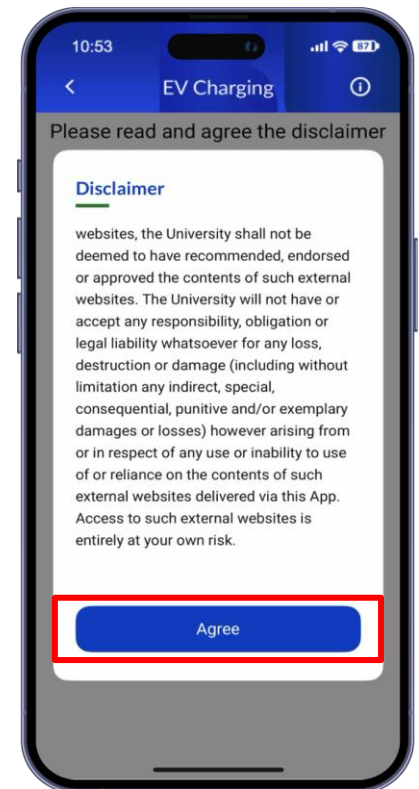

6 Login to the HKBU Mobile successfully.

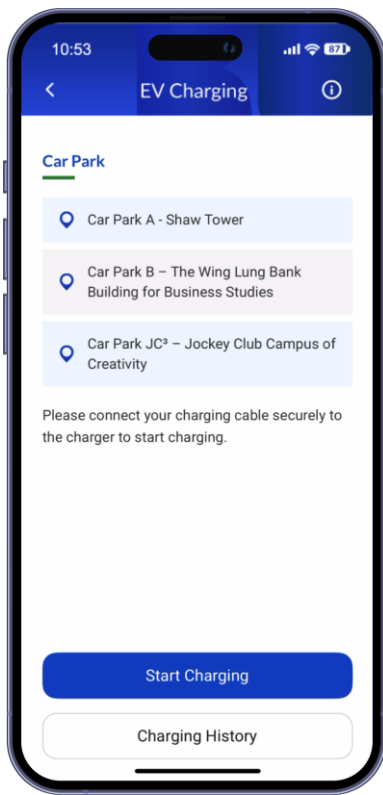

7 Tap '**All Features**'.

8 Scroll down and tap '**Smart EV Charging**' to proceed.

9 Read the disclaimer, scroll down and tap '**Agree**'.

10 The Smart EV Charging Mobile Feature can then be accessed successfully.
